The search for HMAS Sydney

Whilst watching 'The search for HMAS Sydney' on ABC last Tuesday night, I could not help but think how many residents of St Marys realise that there were two of our sons of St Marys, Jimmy Perger and Sid Wright, who were crewman on HMAS Sydney when she was sunk.

I can just remember both of them. I was only 14 years old at the time, but I knew Jimmy fairly well. They lived on the corner of Groom and Storey Street. His father owned the shop that is now the Newsagency. His sister, of course was the late Ada Dawson, who would be known by all older residents.

The last time I saw Jimmy was, I guess, his final leave, looking resplendent in naval uniform.

Seeing that tomorrow is ANZAC Day, I hope most residents, old and new, will remember all of those young St Marys lads, who were about my age and up to 10 years older, who not only served, (and there was a great many of them for such a small district) in the Army, Navy and Airforce, but many gave their lives for their country and us.

I often wonder should there not be a Roll-of-Honour with all their names attached, displayed prominently somewhere in St Marys.

I haven't attended services very much in later years, but ANZAC Day has always been a special day for me, and I often sit and think about all of the boys I knew.

Not many left now. Lest we forget.

Jeff Morris.

2008 Southern Cross Young Achievers Award

Congratulations must go to two young local girls Esther Rubenach of Gray, and Annika Koops from Beaumaris, for their success in the 2008 Southern Cross Young Achievers Award.

The girls received their awards on April 12, at a ceremony which was held at Wrest point Casino in Hobart.

Esther was named the winner of the Forestry Tasmania Regional Initiative Award, for the significant contribution she makes to the community through volunteer work.

Esther volunteers her time for the State Emergency Service (SES), the Tasmanian Ambulance Service, and the Community Transport Service.

Esther says she commits her time because volunteers play a key role in keeping a small town like St Marys running which helps to make it a great place in which to live.

Annika was named the winner of the MyState Financial Arts Award. She was represented at the awards by her brother Joe, as Annika is currently in Holland. In 2007 Annika was awarded an 'Artist in Residence' position at Foundation B.a.d. where she is working and researching.

Annika has won many awards for her artwork, and has displayed her work at the "Art Rotterdam International Art fair" and hopes to display her artwork in Tasmania when she returns from Holland.

ORGANISED BY
GRASSY BOTTOM REGIONAL ARTS.

On Saturday the 19th April, the St Patricks Head and Esk Valley Historical Society Inc., as part of the Tasmanian Heritage Festival, held a demonstration day at the old St Marys Railway Station History and Gifts. We chose the theme “Early Hunting and Bush Survival”, as these skills were very much a part of our heritage.

Owen Hughes demonstrates the setting of a Springer's snare."

Indeed, our early settlers and even our grandparents, in hard times like the 1930's depression, relied heavily in catching game in order to have meat on the table.

The event, which was enhanced by the Grassy Bottom Regional Arts Market and local musicians,

Ian and Rita Summers sing a bush Ballad!"

Ian and Rita Summers, saw some two hundred people pass through over the course of the day. They were not only treated to plenty of interesting things to see, but were given a comprehensive demonstration on snaring, trapping and

general bush survival skills by Society President, Barry Aulich, and Committee Member, Owen Hughes, both of whom had extensive experience in bush skills as boys growing up on farms in Irishtown and Chain of Lagoons.

Barry Aulich explains bush survival skill whilst Owen Hughes demonstrates the setting of a rabbit trap!"

To add to the heritage side of the day, an excellent display of memorabilia from the Fingal Rifle Association was on display inside the Railway Station. This included the coveted Hoad Cup, the Blunstone Shield, a .303 rifle and many bits and pieces connected to the once popular sport of rifle shooting.

The Society would like to sincerely thank all the people who contributed to the day, with a special mention to the those who were kind enough to lend the rifle club artefacts as well as the couple of old bushies who brought along several different kinds of rabbit traps for display, one of which was almost as rare as a hen's tooth.

Last, but not least, thanks to our raffle donors and all the tickets buyers. The raffle raised \$421, which will more than cover the day's expenses. The remainder will go towards preserving our precious Valley history.

Members of the Break O'Day Woodcraft Guild demonstrate how a post and rail fence is made!"

Photos and story: Jim Haas.

Raffle Winners:

- 1st Prize half a dressed lamb - S. Duke
- 2nd Prize half a dressed lamb - M. Hughes
- 3rd Prize Royal Albert vase - P. Parsons
- 4th Prize Book of Tasmania - Josh Hayes
- 5th Prize purse and voucher - Bec Squires
- 6th Prize Rhododendron & Wine - Ross Bean
- 7th Prize Bottle of wine - Irene Z.

Winners of the “Find the Rabbit” Completion:

- Boys: Kayleb Krushka
- Girls: Cathrina Smith

Letters to the Editor

Dear Editor

This council is going power crazy.

What on earth is wrong with trying to sell your car on the side of the road.

There is absolutely no venue or means available in order for people to actively privately sell their car. It has been a tradition here for many years that people can do this.

I like being able to know there is a familiar place easily and safely accessible that I know people will be placing cars for sale.

We are a small community, these faceless bureaucrats in the council are trying to destroy what we all value most about this region.

ITS SIMPLICITY!

I have but one thing to say to the council officers who seem to take great delight in overregulating **US**

GET A LIFE !

Concerned

Scamander. (Name Supplied)

Dear Editor,

It has come to my attention that the motion to sell the block of land on the corner of Groom and Storey Street in St Marys has had a reaction by a few people.

The reason behind the motion was to sell approximately half of the block for three housing blocks and the remainder to keep as public space. The proceeds of the sale to go towards the streetscape funds for the main street makeover.

St Marys has already many open spaces, Railway Station, Hall open space, Lions Park and Wombat Walk and space along the main road at the old opshop. The wombat weeders look after the main area at the Lions Park, full credit to them. To open up all of this large area for another park would create more work for the Council that at the present time would stretch the financial budget unnecessarily.

It has to be noted that over the last 18 months nothing has taken place on this block, as soon as a mention of doing something comes about people come out of the wood work.

The development that is envisaged on the recreation ground will cater for much of the Grassy Bottom's future visions. Of course there will be available possibly the old fire station in the near future that would then be available to an organisation in St Marys.

If we can get three families to move to St Marys the cash flow would help the businesses that already exist, and all other institutions that we have.

R W Legge.

Mayor.

Dear Editor

THE STASI is coming to the Break O'Day.

Are many Rate Payers aware that the council is now officially keeping a "DIFFICULT CUSTOMERS LIST"?

This list allows council employees to place negative remarks about you on a permanent file **if you upset or even look as though you might upset them.**

This list is accessible to all council employees.

We all know that the council vindictively pursues people if they publicly complain, **NOW THEY ARE KEEPING SCORE!**

This seriously sounds a lot like the "Stasi" used to do on Communist East Germany.

I know they have council officers prowling the municipality and illegally entering properties looking for reasons to harrass people, will the next step be to actively recruiting your neighbours to do on you. I hope not.

I have very serious concerns about this, people have a right to actively seek redress when council does something wrong and not be subject to this form of harassment.

It seems as though the council is rapidly heading in an extreme right wing direction and our Mayor is one of the main instigators of this.

Does he think he has a hereditary right to rule?

Your rights as rate payers and members of this community are being seriously eroded.

* Council is actively limiting and making it more and more difficult to obtain information.

* The temporary General Manager is refusing to release recordings of council meetings in blatant disregard to a motion being passed that specifically allows this to be done at no cost upon request.

* The general manager is minimising and dunning down the financial report that is presented at council meetings. Thus hiding the financial status from rate payers.

* If you upset them you get your name placed on a list.

* They have fortified the council reception making for a less friendly atmosphere and limiting access to council officers.

The Mayor and his majority group within council are actively striving to deprive rate payers and concerned citizens of their rights.

This should concern you all.

The process of democracy in the Break O'Day is being eroded.

RIGHTFULLY CONCERNED

Scamander. (Name supplied)

Dear Editor,

In the last issue of the Valley Voice Mayor Legge wrote that I was incorrect regarding the drainage system outside of the Fire Station. There are two drains that required attention.

I would like to direct the Mayor to the drain that I was referring to, it runs under the Main Street, and yes it was blocked and yes the staff did fix it for a minimum cost. Again "well done lads". I was not referring to the drain that runs through the proposed fire shed. I like to get my information from the people on the job and not through second-hand sources.

Also the Mayor referred to Councillors ability to contact one another by fax, phone or email. If this is the case then why did the Mayor decide to point out my alleged short coming in a letter to the editor and not use one of the afore mentioned methods.

Without Prejudice

after 12 noon until Sunday at 5pm.**

Where: 7 Clive St, St Marys. PH: 6372 2613.

The say. Cagerattler.

Last Sunday saw the new season of Auskick really get going, with plenty of young stars kicking off new careers. Thank goodness for our intrepid Auskick organisers. At least for the next few years these kids will have the chance to enjoy one of the truly great games.

Many of these young players come from places that do not have senior footy any more. For that reason there isn't, of course, any under 16's footy either.

Luckily for some kids though, their parents are in a position to be able to take them elsewhere, nearest point St Helens, for that chance. These are the exception though.

Remember the past days? In the FDFA era there were 18 teams playing every Saturday in 6 local towns. Most families went to the football to watch 3 games over the day. Sadly this concluded in 1992 with the demise of that association.

For a few seasons however, St Marys and Fingal continued along the same lines in other comps. This of course concluded for St Marys when the club finally folded a few seasons ago. Fingal Valley continues currently but with no provision within NTFA Division 2 for Junior weekend football. This really is a terrible shame.

A former very experienced footballer and now supporter of local footy suggested to me recently that perhaps High Schools could become aligned to the eight clubs comprising NTFA Div 2, and in turn provide a launching pad for more locally retained players.

The added benefit would be that these kids could play regularly, closer to home, and support ongoing development of the wider club.

As magnificent as Auskick is, and it truly is that, it can only take kids so far due to age and so on. If there was a really local avenue for the kids to play those extra couple of years while still at school, it would be fantastic for everyone.

Surely AFL TAS administrators need to seriously look at and encourage rural junior footy wherever they can, and give EVERY kid the chance to play the game they love for as long as possible.

OUT OF THE WOODWORK

Wendy Brennan Treasurer 6372 2094

Before I start this column I would like to express a big thank you to Mr **Doug Barnes** who I inadvertently forgot to mention last issue. Doug fabricated and donated our post and rail fence. Thank you again, Doug.

The Early Hunting & Bush Survival skills was a successful day. It was interesting and enlightening to have a demonstration of the ingenious devices our forefathers designed and used to catch their meal of the day.

The markets proved popular and our sausage king entrepreneur sold out with the help of his tongs specialist **Les Thompson**, while being entertained by the beautiful voice of **Rita Summers** who was accompanied by her clever husband **Ian**.

Thank you to **Michael Holmes and Bob Whit**, who kept the constant flow of interested people through our shed entertained with their display and knowledge of wood-working techniques.

Last but not least three cheers for the members of our community who show their support by attending and making us feel it's all been worthwhile.

The Guild will be sponsoring the **Northern Veterans Cycle Club** who will grace our town with their athleticism at the end of the year and hopefully many years to come.

News flash: The Guild will be having its official opening on the 6th September 2008.

The Guild meets on the last Saturday of the month at the Old Railway Goods Shed at 4:00pm.

Below is a photo of Owen Hughes giving a demonstration of yesteryears bush skills, with commentary by Barry Aulich

DOING THE ROUNDS

Clr Reon Johns 0429722091

"The location of the skate park at Scamander has been voted on and put to rest. I hope, this project can now move forward, as well as the Surf Life Saving project. Good luck to both of these worthwhile organisations in their endeavours".

This appeared in last months "Doing the Rounds" and I believe that most of the other Councillors thought that too. I believe that my March (doing the rounds) statement was correct and it was only the small detail of Council permission for the Skate Park to begin construction. Mayor Legge at the April meeting moved a motion granting the skate park permission to commence work.

Council has a new policy on Questions without notice that is, questions are to be recorded in the minutes. A good step forward in keeping the communication lines open.

Clr McGiveron withdrew his motion regarding the speed limit in Fingal, but indicated that he might reintroduce it at a later date.

The George Keri sculpture at the St Marys Railway Station is getting a fence and some paving too. It will look a grand sight for the town and tourists when it is finished.

The Mayor moved a motion to raise funds for the Main Street make over by selling some of the vacant block of land on the corner of Groom and Storey Streets. This will be divided so that 4 building lots can be cut off and sold. The rest will be left as is; I think that this is a waste, but the majority rules by 5 votes to 4.

The Community Development Officer successfully recommended that the Council install \$5000 of outdoor gym equipment on the St Helens foreshore, from the Sport and Recreation budget. The idea is to allow people using the walking track to use the exercise equipment as they take in the beauty of the Bay.

During the last month Clr Clement, The Works Manager and I had a look at the Mathinna Main Street and some of the problems that they have indicated. These include blocked drainage, footpaths overgrown, gravel roads in poor condition and some other social issues. I am certain that these issues will be overcome in the near future.

I visit **Mathinna and Fingal on the last Thursday of each month**. I will be in **St Marys, at the Bakery, on the first Thursday of the month from 10:00am till 11:30am**. Then on to **Scamander, Mouth Café, from 12:30pm till 2:00pm**.

I can be contacted on mobile 042922091 or Fax 63722098 Councillor Reon Johns."

I would like to invite any other Councillor to share this article with me and help keep the Break O'Day informed. Like to raise an issue feel free to contact me on mobile 0429722091.

MACCA ALL OVER. IN ST MARYS.

The Lions Club of St Marys Inc. had great pleasure in hosting “Macca” (Ian MacNamara) on his stopover “Say G’day” Tour on Tuesday 1st April at the Sports Centre. It was a great night and the audience (of which there were about 54 people) got to talk to and listen to Macca recount some stories, play his guitar and sing. It was a very relaxed evening.

The Lady Lions with the help of Cheryl, made scrumptious homemade soups for the night, of which Macca and his Producer wife Kel were most appreciative, even taking a tub of soup “on the road” with them, a change from the “sausage in bread” that they seem to live on whilst travelling.

As we only had 4 day’s notice of his coming to St Marys, we apologise to those who missed out, but Macca has promised to return. Our thanks also to “Barman Bob” & the Sports Centre for opening the bar and premises to us on short notice.

*Len & Jenifer Miles with
Macca & his wife Lee (Kel) Kelly.*

*Ruth McGiveron, Margaret Forsyth
& Charlie Hersey “in the kitchen”.*

Photos: Charlie Hersey.

Legend is a word you probably hear a fair bit of in the St Marys Golf Club, low golf score, high bowls tally. Early in April the word took on a new meaning when the legendary icon of Australian Radio Ian ‘Macca’ Macnamara paid us a visit as part of his G’Day van tour of Tasmania.

Some of the town’s finest cooks got the old boilers off the shelf and produced an array of gourmet soups in vast quantity. Macca was well impressed to the extent that he made a point of telling his listeners in minute detail of the St Marys hospitality and soup making prowess in his next Australia All Over Program that is listened to all around this planet.

The Lions club (where would we be without them?) organised the night. Macca got out the guitar and told a few funny anecdotes, to a full house, and all for a gold coin donation. A bargain to see and speak to the man behind the radio show a lot of us have been listening to every Sunday for 25 years.

Silence is the mortal enemy of the radio presenter and must be avoided at any cost. About five or so years ago Macca and a Tasmanian caller produced one of the all time great radio silences ever.

It began with a trip to the Snowy Mountains where Macca spotted a wombat and young, taking a daytime stroll. The sight of a wombat mother and baby is one of the cutest things in nature and would melt the heart of a council bylaws inspector, so Macca was understandably taken in by this. The following Sunday an hour of his show was devoted to all things wombat and there were people from all over Eastern Australia calling in with stories and sightings. As the hour drew to a close an old bloke from the highlands in Tasmania called in to say that he had wombats all over his property and he loved them all. Macca took this as a cue to summarise and went on at great length while the old bloke stayed on the phone. Finally Macca’s praise of the wombat checked all the boxes and he returned to the old Tasmanian and asked him why he loved wombats so much. The old bloke drew breath and replied that he liked them because the old ones made good doormats and the young ones were good to eat.

Time stood still. The silence roared as Macca and several million listeners around the world developed a mental picture that looked something like this. The old bloke comes in from the paddock, wipes the highland mud from his boots on mums hide, saunters in to Sunday lunch for a carve up, featuring junior resting on the table complete with baked apple wedged in his lifeless mouth. The only thing you could hear was a rosella cackling in the background at the old blokes mountain home and you had to wonder whether it would turn up on the menu as well. The silence ended with Macca giving the old bloke the bums rush and playing Australian Idyll till the news came on.

I was going to ask him about this incident at the Golf Club but his wife told me that they were about to drive back to Bicheno in the dark. Down the Elephant late at night he was bound to see several wombats in the headlights of the G’Day Van and he didn’t need me to freshen the memory. I and all the listeners who heard the silence knew exactly what he would be thinking about when he spotted a wombat.

Bad Day.... I rear ended a car this morning... I could tell it was going to be a **REALLY** bad day!

The driver got out of the other car, and he was a vertically challenged little person. He looked up at me and said:

"I am **NOT** happy!

So I said, 'Well, which one **ARE** you then?'

That's how the fight started.

You are invited to a fun relaxed afternoon at WOW.

AMCAL ST HELENS

ERNEST TARGETT PHARMACY

Serving our community for 50 years and the Valley for 25 years.

Some of the services we offer:

We are Quality Care Accredited

We hold complete patient histories including interactions and allergies.

We uphold total professional confidentiality

We are a diabetes Australia sub-agent

We employ approximately 10 local staff

We hold around \$300,000.00 worth of stock

We provide free blood pressure testing

We provide Self Care cards and printouts of any new medications prescribed

We have an extended range of vitamins and complementary medicines

Amcal catalogue specials and Loyalty Club

We aim to make shopping a pleasurable experience

We are the first point of contact in the health chain and if necessary, will advise further consultations with your local GP

Our goal is that when each customer leaves the pharmacy, or completes a phone call, that there is nothing more that we can do to assist

Our staff are vastly experienced with up to 30 years continuous service with the business

Free deliveries

OUR PHARMACY BOARD APPROVED DEPOTS AT FINGAL, AVOCA, ROSSARDEN, AND MATHINNA ARE STILL AVAILABLE FOR YOUR CONVENIENCE! NOTHING WILL CHANGE.

DON'T FORGET- WE ARE ONLY A PHONE CALL AWAY! AND YOU HAVE A CHOICE.

ATTENTION
EX-SERVICE PERSONNEL

Are you aware that in St Helens we have a Veterans Information and Support Centre?

At the Veterans Centre we have trained pension and welfare officers that can assist you with your pension enquiries and let you know what benefits you are eligible for. We can supply information from the Department Of Veterans Affairs, Welfare agencies, local care, community car, Legacy etc.

Or you are welcome to come in to have a chat, a cuppa or just look at the interesting war memorabilia we have on display.

Perhaps you have a friend or neighbour who is an ex service person in need of help. Tell him/ her about us as we may be able to assist them.

If you wish to join the St Helens-St Marys RSL Sub Branch or the Vietnam Veterans Association East Coast (Tas) Sub Branch, call into the Centre for further information.

You do not have to be a member to access the Centre's services.

The East Coast Veterans Information and Support Centre is located at 35a Quail Street St Helens
 (Next to the St Helens RSL and Citizens Club)

What's Happening at White Sands?

New Multi-purpose Building Development is Underway!

The new building will house our accommodation reception, and a local produce store. Plus a conference/function facility that can be tailored to cater from 10-300 guests. It will also incorporate a casual cafe in addition to our current modern Tasmanian cuisine restaurant. Which will allow us to cater for all levels of the Tasmanian food and wine experience.

The centre piece of the new building will be our microbrewery- IronHouse Brewery. At present we have installed the microbrewery in one of our implement sheds to enable us to begin brewing.

Our products were launched on the 1st of December 07 at the Hobart Beerfest. We then hosted an inaugural tasting event at White Sands Restaurant & Bar on the 8th of December. Since then we have presented our brews at festivale and have had s steady stream of visitors calling into white sands restaurant to sample the beers.

Iron House Brewery

Our handcrafted brews are made to traditional recipes from quality ingredients and Tasmanian water, sourced from our own spring. Our brews are refreshingly unpasteurised and have no preservatives or additives.

Tastings and sales are available from the white sands restaurant everyday during lunch and dinner

Australian International Beer Awards

We entered our first batch of brews in February to the Beer Awards and were presented with Bronze Medals for both our pale ale and wheat beer. We are absolutely thrilled that our first commercial brew for each of these styles has resulted in this recognition and it has provided us with further inspiration to fine tune our beers. So now you have noe excuses- get on it!

Targa Tasmania

On Thursday the 17th of April, Targa Tasmania will be cruising past WHITE SANDS RESORT on their way to the start of stage 16 elephant saddle.

Due to the increase of visitors in our beautiful area White Sands Restaurant and Ironhouse Brewery Bar will be **open all day!!!**

Serving lunch , coffee and cake and of course our award winning Ironhouse Brews. So call in stretch your legs and experience the best of Tasmanian food and beer.

Special Mothers Day

When dining at white sands restaurant all mothers will receive a complimentary glass Of wine or Ironhouse beer. We will be serving our autumn al la carte lunch and dinner menu, respectively

Families who dine in our restaurant are also welcome to use the guest recreational facilities during mums special day. Bookings are essential on 6372 2228

For more information please contact reception on 6372 2228 or checkout our websites www.white-sands.com.au

BARNETT TO SURVEY REGIONAL TASMANIA CENTRES ON MOBILE COVERAGE

Senator Guy Barnett said last week he would seek feedback from Next G mobile service users in regional parts of Tasmania to test the CDMA shut down on April 28.

"I have doubts that the *Next G* mobile service and coverage is now ready to replace *CDMA* in light of the Rudd Government's decision to axe the *CDMA* service in two weeks, and there's enough feedback to reinforce that fear," Senator Barnett said.

"I suspect there will be customers left grappling with a poor service and coverage well beyond Minister Stephen Conroy's April 28 shut down," he said.

Senator Barnett plans to survey parts of the North East, Central Highlands, the Huon, West Coast, Northern and Southern Midlands and East Coast to gain feedback.

"Of course we need Ministerial assurances that the April 28 changeover will be successful, but let's also hear from the people affected," Senator Barnett said.

"I am still being contacted with complaints about the *Next G* service, and I cannot see the service undergoing such a miraculous transformation in the next few days," he said.

"Minister Stephen Conroy must reveal the number of Tasmanians still on the CDMA service. He also must release the advice he has received about concerns as to *CDMA* and the *Next G* replacement, along with Telstra's responses that have satisfied the Rudd Government concerning an April 28 deadline.

"This is an essential service. It's not just an issue for business and recreational users. It also affects people in remote areas with health concerns. A reliable service is critical to them," Senator Barnett said.

For service and reliability

Gorse — Time to take Action →

A Gorse Field Day was recently held in St Mary's which was well attended by gorse 'enthusiasts'.

Key presenters David Lane, Regional Weeds Officer with the Department of Primary Industries and Water, and Greg Stewart, Weeds Coordinator for NRM North, gave very informative presentations emphasising the importance of Best Practice Gorse Management techniques, with a focus on cost effectiveness. These are outlined below.

The sad truth is that in many areas is that gorse is here to stay ... it would take a massive effort, millions of dollars and several decades to rid the Fingal valley of gorse. But that does not mean it cannot be contained, and its impact reduced, by a coordinated effort and appropriate techniques.

Here are some of the most important points to bear in mind when planning a gorse control program:

- *Gorse seeds can remain in the soil for up to 30 years, so gorse control is never a one-off effort. Rules 1, 2 & 3 are follow-up, follow-up and follow-up!
 - *There is no 'best method' of gorse control: in fact, many methods are very effective if carried out appropriately and followed up. The methods you choose will depend on the size of the infestation, its situation, and the resources you have available.
 - *A good rule of thumb, if you plan to use herbicide, is to reduce the bulk of the plants using another method first, then spray re-growth. So you could burn, bulldoze or mechanically mulch one year, and spray regrowth the next. This means you will use much less herbicide and it will be more effective.
 - *Many people have commented that burning is ineffective, as they have seen regrowth in burnt areas. This is a misconception. Burning is effective for reducing the bulk and allowing spot-spraying of re-growth. It is also effective in germinating the 'seed bank' so that plants can be controlled, rather than seed staying in the soil for decades. However, this means that follow-up within 2 years is absolutely essential, or the problem will be worse than when you started.
 - *For small infestations, or where gorse is amongst native vegetation, cutting gorse plants off at the stem and 'painting' the stump with herbicide, whilst a very prickly job, is effective ... but don't forget the follow-up...
- Spring and Autumn, when plants are actively putting on new growth, are the best times for gorse control.

An outcome of the Gorse Field Day was to focus on a coordinated community approach when dealing with the gorse. This will assist with funding applications, mapping and prioritising areas of gorse and educating and demonstrating to community members how simple it is to take action.

If you are interested in being part of a coordinated community effort or require fact sheets, advice on gorse control and guidelines for use of herbicide near waterways, contactor Kate Thorn: NRM Facilitator 6376 7900 or Alison Hugo, Community Support Officer: 0488 677 727.

Gorse seeds can remain in the soil for up to 30 years.

to thank all those who so kindly donated the prizes
and the general public for supporting us
by purchasing raffle tickets.

And you thought you had computer problems !!!

'Hello, technical support, how can I help you' ?

LADY: 'Last night my computer started making a lot of hissing noise at me so I shut it down. This morning when I turned it on the computer started hissing and cracking, then started smoking and a bad smell, then nothing'.

SUPPORT: 'I will have a technician come over first thing this morning, just leave the computer just like it is, so they can find the problem and fix it, or change it out with another computer. Give me your address; phone number and the technician will be there just as soon as he can'.

When the technician got there, the lady showed the technician where the computer was, and told him what happened to it. This is what the technician found wrong.

Take a look at the picture... you won't believe your eyes!!!!
Maybe it was after the mouse?

TOYS

Grade 1/2 Hibberd and Miles are currently doing a learning sequence on toys. We have been looking closely at both old and new toys.

Last week, Mrs. Helen Napier came to our classroom to share a portion of her old toy collection with us. Some of the toys are over 100 years old! We had a fantastic time learning about different games, what the toys were made from, how they were used and what made them work or move. Grade 1/2 would like to thank Mrs. Napier for sharing her wonderful collection with us.

The students have also been interviewing their parents and grandparents about their favourite childhood toys. Some of these toys were also shared with the class. If anyone has any old toys they would like to share with Grade 1/2, we would love to see them.

E.N.E. Swimming Scottsdale

On the 31st of March the ENE team went to Scottsdale for a swimming carnival.

We had in our team students from St. Marys District High, St Helens District High, Fingal, Bicheno and Avoca Schools.

When we got to Scottsdale it was a bit windy ... but later on it turned out nice.

The pool was warm and we all had a great day of competition.

Everyone competed really well and my best result was a second place.

By Taylah Bushing

Inter High Swimming Carnival

On Tuesday the 1st April 2008, St Marys students travelled to Lanneston to participate in the Inter High Swimming Carnival. The carnival was held at Riverside pool this year due to renovations to Windmill Hill Pool. St Marys students usually participate in division one swimming, but due to the length of the pool (25m) divisions were split and records on hold for next year when Windmill Hill will be available to use again.

We swam against schools including Scottsdale, Lybdale, Lanneston Christian School, Port Dalrymple, St Helens and Deloraine. All students swam really well on the day and we managed to have a swimmer in every race which helped us greatly when it came to scoring points. At the completion of the carnival St Marys team was awarded third place behind Scottsdale and Lanneston Christian School which was a fantastic effort from our team.

Stand out performances from Max Turner, Hannah Spalbury, Dan Male, Sophie Bouske, Elise Wright, Jacob Spalbury, Kara Turner, Shari Donald, Emily Miles and Stuart Wright. Max Turner was the worthy recipient of the Elizabeth Death most Tenacious Swimmer Award for 2008. Congratulations to all participants on fantastic team attitude, commitment and achievement.

SCRIPTS AND DOCTORS APPOINTMENTS

Please ensure doctors appointments are booked **prior** to your medication/s running out or **in advance** if you are attending this practise regularly. Patients can not request scripts over the phone.

PLEASE BE PATIENT

Please be aware that **waiting periods can apply**. **Please be patient**, we are doing our very best and your cooperation is appreciated. Everyone's health is important to us. — K. O'Shea DON

FLU VACCINES

Flu vaccines are currently available from the St Marys Community Health Centre.

If you are aged 65+ your flu vaccine is **FREE**

Please phone the Community Health Centre on 6372 2111 and place your flu vaccine order.

If you are under 65 years of age please make an appointment to see you GP and get a prescription for your flu vaccine. **A doctors appointment is required to have your flu vaccine given.**

PHYSIOTHERAPY SERVICES IN BREAK O'DAY COMMUNITY NOTICE

The Community Physiotherapist Margaret Van Der Mere will be changing her days to Tuesdays and Wednesdays, beginning on the 01st April 2008. Times will remain 9am-5pm both days.

St Marys Community Health Centre will have the only Physiotherapist in the Break O'Day Council area so waiting times are expected to increase.

A written referral from a health professional (or GP, Community Nurse etc.) is required to gain an appointment with Margaret, so clients can be given correct priority.

LOST PROPERTY

A number of items have been left in and around the Community Health Centre. If you have misplaced any items please check the LOST PROPERTY BOX in the Reception area of the Health Centre. You may be surprised at what we've found!

The future starts now

It's never too late to plan the future for your son or daughter with intellectual or cognitive disability.

A FREE future planning workshop...

...is being held to help you plan a good life and a secure future for your son or daughter when you can no longer be actively involved in their life. The workshop is presented by the Premier's Disability Advisory Council and Brisbane-based family support organisation Mamre and will be held in the following locations:

Ulverstone:
Friday 9 May
from 9.45am to 4pm
Ulverstone Civic Centre,
Patrick St

Launceston:
Saturday 10 May
from 9.45am to 4pm
Launceston Tramshed Function
Centre, Inveresk Railyards,
4 Invermay Rd

Hobart:
Monday 12 May
from 9.45am to 4pm
Glenorchy Civic Centre,
Cooper St

Registration essential.

Light lunch and refreshments will be provided.

For more information or to register please call the Disability Bureau on 1800 009 501 or email disability@dpac.tas.gov.au or visit www.dpac.tas.gov.au

Department of Premier and Cabinet

"future planning begins with developing a clear vision for the best possible life we can imagine."

The workshop will cover important topics to help parents start planning for the future of their son or daughter, including:

- What and who is important in the person's life?
- What will keep the person safe and well into the future?
- Where will the person live and with whom?
- Who will 'watch out' for the person into the future?
- How will they be supported?
- How to ensure financial security?

Mamre's approach to future planning

Mamre's future planning program helps families in Queensland plan for a good life and a secure future for their relatives with disability.

Mamre believes planning for the future lies not with services alone but with the capacity of families to create a strong vision for the best possible life for their relative, to plan to make that vision a reality now, and to develop ways to ensure the plan is continued into the future.

The principles behind Mamre's work are:

- The future starts now – it is never too early or too late to plan
- Imagine better – future planning begins with developing a clear vision for the best possible life we can imagine
- There is no template or recipe – every family will create their own vision and plan, at their own pace
- People keep other people safe – inviting others to share our vision and our planning is one way to help secure our hopes for the future

Mark Death, Daniel Bishop and Zoe Simpson getting into the dye in Mrs. Rankin's group.

Bronwyn Barnes and Catherine Bean are enjoying the Gardening with Mrs. Lowe.

Nakea Brown, Chloe Oates and Claire Oates are having fun trying Line Dancing with Shirley Lowe and Barbara Saunders.

Ashleigh Templar is really enjoying crocheting with Janine Burt.

Flexible Programs

All Students from Prep to Grade 6 take part in Flexible Programs every Wednesday afternoon. Some of our activities have been Cooking, Craft, Gardening, Dyeing, Aerobics, Robotics, Crocheting, Paper Crafts, Line Dancing and Paper Mache Masks. We have had lots of fun and wonderful community support from our volunteers!

Jayden Brown and his mum Karena are in the cooking group.

St Marys Sports Centre Inc. news. Kackhander.

First of all a huge thank you to all involved in the recent Club Dinner. Around fifty happy members and guests attended and enjoyed a sumptuous meal, plenty of cheer, and great camaraderie during the evening. It is the first time we have held a joint golf and bowls night, and judging by the response it may not be the last.

A special thanks to Cllr John McGiveron, who is our Patron, and who also generously provides us with a Services to the Club Award, which was deservedly given to Jack Viney this year. John will also hold a Patron's Golf Day later in the year. Thanks John.

There are too many trophy names to recall here, but congratulations to all of you anyway, whether in golf or bowls. Another special thanks goes to our 'chefs', 'washer-upperers' and bar staff. Also thanks to Macca for coordinating most of it again.

Last Saturday night another special function was held, with ROGER'S 50TH at the club. T'was also a top night, helping Roger celebrate big time, this milestone day. Well done Alana and the crew, in getting it all happening. Wouldn't be easy.

Golf comps are running quite well at the moment. Last Saturday 13 players took part in a Hidden 9 holes, won by John McDonald. The previous week Kirk Bean took out the Flag event. In good recent form lately too, is Mark Carrick and Col Payne. This week is a Canadian Foursomes, starting at 11.30am.

Still on golf, and the Ladies Singles Championships are currently in progress, and we will publish the winners and results in the next issue. Good luck to all participants.

To bowls now, and the main things to report are that we were not allowed to take part in the State Finals series, despite our best efforts. Rest assured we will be following this up in a big way.

The other thing was that we conducted the Bowls AGM, on April 17. It was a productive meeting. Club Bowls President, Jim Rankin, and Secretary Glenn McDonald both decided not to re-stand this year for those positions, so we would like to take this opportunity to thank these stalwarts massively for their incredible input to a very successful era. They both wish to give others an opportunity in these important jobs. Thanks so much Jim and Glenn.

Our new Bowls President is Jim Turner and the new Secretary is Nikki Viney. We wish you both all the best in these roles. Congratulation to Chris Davern who is our new Vice President. His wealth of experience will be invaluable. Jack Viney agreed to continue as Greens manager, which is great, and Rod McGiveron continues as Match Manager.

There were some new selectors decided. Jim Rankin also continues as our ECBA delegate, along with Chris Davern.

Jim Rankin and Jim Turner also hope to gain Umpire Tickets in the off-season.

Finally on bowls, a big thanks to our interim ladies committee, who did a fabulous job in their first year. A real highlight was their fundraising efforts, capped off with the hugely successful Lucky 13 Raffle. Top year girls.

Don't forget PUB RULES Eight Ball starts this week, and will be heaps of fun. See you there on Friday.

Mark's Tipping is also going great guns too, even if the front runners are currently "LEEDING" handily at the moment.

Anyway, until next time, good hitting and rolling.
